Dear Mr. Muno:

**ADDENDUM TO RI/FS WORK PLAN REVISION 3 - ADDITIONAL 10 OFF-SITE MONITORING WELLS**

This correspondence transmits, for your concurrence, an addendum to the RI/FS Work Plan Revision 3 for the installation of ten (10) additional off-site monitoring wells.

Please note that this addition to the scope of work has resulted in a revision to the RI/FS Work Plan Revision 3 schedule to provide for the installation of the wells. This revised schedule reflecting the new scope of work for the subject Addendum has already been submitted to Basil Constanelos for review via DOE letter no. 279-89, dated December 9, 1988.

If you have any questions or require additional information, please contact Mary Stone, of my staff, at (513) 738-6656.

Sincerely,
